ECOLOGICAL COMMITMENT

At 2tec2, we have committed to reducing our environmental impact in collaboration with CO₂ logic. We are continuously reducing our overall CO₂ emissions and strive to become CO₂ neutral for energy consumption and business travels by 2015. Combined with our ongoing pursuit to develop ecologically-friendly products and practice sustainable production methods, our approach is a healthy combination of reductions and offsetting in order to achieve CO₂ neutrality. For more information: www.co2logic.be
